HELP END BREAST CANCER AS WE KNOW IT

American Cancer Society Making Strides Against Breast Cancer is the nation's largest and most impactful breast cancer movement – providing a supportive community for courageous breast cancer survivors and metastatic breast cancer thrivers, caregivers, and families alike. I encourage you to join Making Strides events in your community to help end breast cancer as we know it.

This year, I joined forces with the American Cancer Society Making Strides Against Breast Cancer of Central Park campaign as a Survivor Ambassador. Join me and sign up to support the movement by spreading awareness, raising funds, celebrating survivors, thrivers, care givers and honoring those who battled bravely. From helping plan the event to organizing a fundraising team, volunteers and participants help the American Cancer Society save lives from breast cancer.
